

The global standings are unofficial due to the following reasons:

- Problem E has been removed due to issues with the test cases. Solutions that were judged as accepted during the contest turned out to be wrong when rejudged with the correct test cases, but this was unable to happen during the contest.
- Athens received the questions 30 minutes before the official start of the competition. - The problem statement for Problem H was incorrect and was only corrected in the middle of the contest.
- Submissions in Java were judged incorrectly during the contest and were rejudged correctly after the contest.
- No change in qualifying teams or medals was noted with either considered approach for the above.

We are sorry for all the above.

Greece Universities Scoreboard

Team & University	Solved	Penalty	Medal
CodeBlooded <i>National Technical University of Athens</i>	6	377	Gold Medal
GeeksforGreeks <i>National Technical University of Athens</i>	6	583	Gold Medal
